CHIEF OFFICER'S MEMO DATED 31ST Au

1919

2461 19-2
(8)

**

In the early part of the year 1914 rules for the regulation and control of Public Conveyances within the limits of the Bangalore City Municipality were made under S 4 of the Mysore Public Conveyance Regulation of 1911. These rules among other things provide for the rates to be levied for plying Public Conveyances for hire. In the table of Fares by Distance the fares were prescribed as so much per mile and no fares were prescribed from any particular stand or locality to any other. To remedy this defect the Municipal Council have made rules prescribing certain rates of hire for Jutkas or Public Conveyances of Class III (a) from any one of the thirteen localities in the City to any one of the twelve others. These rules have been finally approved by the Council and submitted to Government for sanction.

As it has been found that the rates prescribed more than five years ago are not sufficient and owing to change of circumstances it is necessary to revise the rates in connection with all Public Conveyances with reference to time and also distance. It is ascertained that the Hackrey Carriage rates in the Civil and Military Station have also been enhanced. It is therefore proposed that the fares be raised and fixed as shown below -

(Vide Tables appended)

These tables may be substituted for those in Rule 22 and the last sentence in that rule may be omitted.
